Dear Keith

Thank you so much for your continued excellent service to our clients. It is crucial to our business to have tradespeople who are committed and trustworthy and follow through. You handle both the standard garage door maintenance issues and emergency situations with efficiency and good humour.

I happily recommend your workmanship and service to all of our clients as do my colleagues and their comments are also included.

"I have been dealing with Fantastic Garage Doors for over three years now. Keith has always been a pleasure to deal with and always has a positive attitude. Keith is good with communication and his pricing is very competitive! I have recommended his company to my family who have also used his service in the past."
