RE: Fantastic Garage Doors

All our dealings with Fantastic Garage Doors have been 'FANTASTIC'.

We have been using Keith from Fantastic Garage Doors since well before I started working at Harcourts (I started in 2009), and he is always punctual, quick to invoice, though more importantly, quick to service - particularly in the event of an emergency (tenants cars locked in garages, garage doors blown in etc). After hours call outs are never an issue, and service fees are also very reasonable.

Fantastic Garage Doors is the only garage door repair company we use and we would not think to look elsewhere. Their customer service is second to none.

Kind Regards,
Harcourts Pakenham Rental Department
